

We strive to improve people lives of all ages and all abilities through best design practices that consider nature and the environment while leaving a positive legacy in every community.

- Over 30 years of providing quality products and services to the Park, Playground and Landscape Industry, completing thousands of playgrounds in the lower mainland.
- The largest selection of products in the industry (see list of products and services below).
- Highest quality products at a fair price. We work with the best manufacturers in the industry, selecting them due to their loyalty, quality of products, innovation and service.
- Industry leading “Fit and Finish” all backed by the best warranty.
- No charge design services. We incorporate best design practices that will have kids play longer and get more benefits from our curriculum-based designs.
- Strive to integrate the six elements of physical play (balancing, climbing, swinging, brachiating, sliding and spinning) to create active play spaces that engage the whole body.
- We apply the 7 principles of Inclusive Playground Design (be Fair, be Included, be Smart, be Independent, be Safe, be Active and Be comfortable) to generate play spaces that are a safe and fun environment for all ages and abilities.
- Our experienced CPSI (Certified Playground Safety Inspector) installation team excels in all types of site work and custom install needs.
- Our knowledgeable and friendly installers will be happy to provide supervised installation service to help reduce costs.
- 7 years as the exclusive project manager and playground suppliers for the BCCA Play Here program which used the community build program for installation.
