Dear Families,

Each year we ask our students, families, and staff questions about our school to see if what we are doing is helping our community feel safe and connected so that our students can grow as learners. Staff take the feedback and use it to guide our decisions as a school for this year and next. Please take the time to provide parent feedback by clicking [HERE](#).

Next week we hope to finish up our eight rotations through the track events. We will then be able to put students into events, based on their interests, as well as ensuring that all students who wish to participate will have at least two events at the meet. We will then send home a permission notice to families that includes a list of the events your child will be in, as well as a suggested schedule of events.

For the Track Meet on May 9th, we will be seeking help from families driving students in Grades 4 - 7 to and from the meet. All drivers need to complete a form prior to driving students to the event. Only one driver form needs to be completed each school year. Please find attached the driver form that we are asking for families to complete and hand into the office no later than Friday, May 5th.

Earth Day is Saturday, April 22nd! The City of Richmond is offering free workshops to families. You can learn more by clicking on the link [HERE](#).
